

The network consists of the following "core group" of institutions at which the students and postdocs working in the network will be employed:

- [Friedrich-Alexander-Universität Erlangen-Nürnberg](#) , Erlangen Center for Astroparticle Physics and Dr. Karl-Remeis-Sternwarte, Bamberg, Germany
- [University of Amsterdam - Astronomical Institute "Anton Pannekoek"](#) , Amsterdam, The Netherlands
- [Istituto Nazionale di Astrofisica: Osservatorio di Brera](#) , Milano, Italy
- Università degli Studi di Cagliari, Cagliari, Italy
- [Sabanci Universitesi](#) , Istanbul, Turkey

- [Commissariat à l'énergie atomique, Saclay](#) , and Université Denis Diderot, Paris, France
- [University of Southampton](#) , Southampton, United Kingdom

The network is supported by a supervisory board consisting of representatives from the following companies:

- Praesepe SL, Spain (Dr. O. Rees Williams)
- pn-Sensor GmbH, Munich, Germany (Prof. Lothar Strüder)
- [cosine Science and Computing](#) ,The Netherlands (Dr. Giuseppe Vacanti)
- OC&C Strategy Consultants, The Netherlands (Dr. Rohied Mokiem)
- [Rheatech, Ltd.](#) , United Kingdom (Dr. Alexi Glover)

In addition, scientists and engineers from the following associated and further partners closely collaborate with the network in research and training:

- Università degli Studi di Palermo, Palermo, Italy
- Massachusetts Institute of Technology, Kavli Institute for Astrophysics, Cambridge, MA, USA
- University of Crete, Heraklion, Crete, Greece
- Universitat di Barcelona, Barcelona, Spain
- National Aeronautics and Space Administration, Goddard Space Flight Center, Greenbelt, MD, USA
- Instituto de Astrofísica de Andalucía, Granada, Spain
- Universidad de Valencia, Spain
- Praesepe SL, Spain
- pn-Sensor GmbH, Munich, Germany
- cosine Science and Computing, The Netherlands
- OC&C Consultancy, The Netherlands
- Rheatech, Ltd., United Kingdom
