

ITN CM Venue

There are many hotels nearby, distributed to famous historical and shopping areas of Istanbul. Sultanahmet area is the most famous historical region with many hotels. It is only 5-10 minutes with 'tram'.

Taxi would also be cheap. The Richmond Hotel is up the hill at Beyoglu area, and linked to Karakoy with the 'tunel', a historic finucular.

Above, you can see the satellite image of the area. The red circle shows the conference venue. If you come via 'TUNEL' from Richmond, turn left towards the Galata Bridge and follow the path shown above. If you are coming with the TRAM from Sultanahmet, the venue is right in front of

you when you get off at Karakoy station (my apologies, the TRAM station is actually a little bit closer to the sea). Walk parallel to the TRAM away from the sea for 50 meters. There will be a security officer at the gate, mention my name. Next day you will have badges.

Below is a small list of hotels that are easy to reach from the workshop venue by walk or via street tram:
